

Amol Shukla

Aspiring Software Development Engineer in Test (SDET)

Maholi, Sitapur, India | +91 9026063381 | shuklaamulshukla@gmail.com | LinkedIn | GitHub

Professional Summary

Computer Science Engineering student with hands-on experience developing and debugging full-stack and AI-powered applications using React.js, Node.js, Express.js, MongoDB, Java, and Python. Skilled in REST API development, Google Gemini AI integration, and applying Data Structures & Algorithms to solve programming problems. Passionate about building clean, scalable, and reliable software and collaborating in product-focused engineering teams.

Education

Bachelor of Technology (B.Tech) — Computer Science and Engineering 09/2023 – Expected June 2027 *Dr. A.P.J. Abdul Kalam Technical University (AKTU), Uttar Pradesh — Ghaziabad*

- Academic Performance: **SGPA up to 7.51 (up to Semester VI)**

Senior Secondary (Class XII — Uttar Pradesh Board) Graduated 2022 *Saraswati Vidya Mandir Inter College*

- Academic Score: **76.6% (PCM)**

Secondary (Class X — Uttar Pradesh Board) Graduated 2020 *Saraswati Vidya Mandir Inter College*

- Academic Score: **82.5%**

Technical Skills

Languages: Java, Python, JavaScript, TypeScript

Web & APIs: HTML5, CSS3, React.js, Node.js, Express.js, REST APIs

Databases:	MongoDB Atlas, SQL
Software Engineering & Testing:	Debugging, Problem Solving, Reliability, SDLC, Agile/Scrum
AI & API Integration:	Google Gemini AI, Generative AI
Core CS:	Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks
Tools & Cloud:	Git, GitHub, Render, VS Code

Internship Experience

Full Stack Developer Trainee June 2026 – August 2026 *BRANDVIO*

- **Requirement Translation:** Collaborated with clients and stakeholders to gather business requirements, translating them into functional system specifications, user stories, and interactive wireframes.
- **Full-Stack Development:** Developed responsive, user-friendly frontend interfaces and supported backend services using modern JavaScript frameworks.
- **API & Data Orchestration:** Engineered and integrated secure RESTful APIs to facilitate seamless data exchange between client-facing interfaces and backend databases.
- **Agile Collaboration & QA:** Participated actively in Agile/Scrum sprint planning, using Git/GitHub for version control, and conducting comprehensive testing/debugging to ensure high application quality.

Project Experience

AI-Powered Smart Traffic Digital Twin Personal Project *Tech Stack: React.js, Python, FastAPI, YOLOv8, MongoDB Atlas, CSS3*

- **AI-powered Web Application:** Developed a digital twin web application with a React frontend and Python FastAPI backend to visualize real-time traffic parameters.
- **Requirement Analysis:** Designed a digital twin dashboard interface to manage manual overrides and display traffic metrics clearly for administrators.
- **Predictive Modeling:** Designed a weather-driven algorithm to predict road safety ratings and generate dynamic accident risk reports.

- **Full-Stack Dashboard Architecture:** Engineered a full-stack worker safety management system featuring distinct, responsive dashboard environments for Workers and Administrators.
- **Feature Orchestration:** Implemented secure JWT-based authentication, interactive attendance logs, automated wage tracking, and a real-time complaint workflow.
- **Secure RESTful APIs:** Designed and integrated REST APIs with MongoDB Atlas and Express.js to execute secure CRUD operations and role-based access controls.
- **Media & Document Services:** Integrated Cloudinary API for secure image management and built server-side PDF generation to deliver downloadable payslips.

Achievements & Certificates

- **Certifications & Training:** Earned NPTEL Elite certification in Java Programming (88% score, IIT Kharagpur) and completed academic training in Introduction to Operating Systems (IIT Madras).
- **AI & Data Analytics:** Completed GenAI-Powered Data Analytics Job Simulation, performing exploratory data analysis, AI-based risk prediction, and business reporting.
- **Fundamentals of Java:** Completed Fundamentals of Java Programming course certificate by Coursera (Board Infinity).
- **Academic Performance:** Achieved strong academic performance in B.Tech CS with SGPA up to 7.51 (completed 6 semesters).
